RE: Headquarters and Fisher's Creek Development

Dear Commissioners:

C-TRAN thanks you for the opportunity to comment and discuss opportunities for future service provision with both the City of Vancouver staff and representatives from Hurley Development.

C-TRAN currently does not provide Fixed Route Transit Service to the Headquarters and Fisher's Creek Development Site. After discussions, C-TRAN recognizes the need to provide high quality transit service to the area along SE 192nd Avenue and SE 34th Street in part due to a number of planned developments in the area. While subject to public input and formal approval, C-TRAN anticipates that near term changes to the Fixed Route network resulting from the Mill Plain Bus Rapid Transit project and the opening of the Mill Plain Transit Center near 184th Way and Mill Plain Blvd will include providing Fixed Route Service along SE 192nd Avenue between SR-14 and Mill Plain Boulevard. C-TRAN is supportive of the level of development and subsequent trip demand that will be generated from this development, meeting adopted C-TRAN standards for service provision. As more development is materialized, we will review opportunities to expand service to that area.

Again, thank you for allowing C-TRAN's input into your planning.

Sincerely,

A handwritten signature in blue ink, appearing to read "Taylor Eidt".

Taylor Eidt  
Planning Project Manager
