PARTIES

Datepark Condominiums, Inc hold interest in APNs (collectively the "Property"), located at 3607,3701 and 3701 ½ E 18th St Vancouver, WA 98661. The legal description for the Property is attached as **EXHIBIT A**. Vancouver is a Washington municipal corporation (the "City"), and is responsible for land use planning and permitting pursuant to the Growth Management Act. Grantor and City are individually referred to as Party and collectively referred to as the Parties. The Parties wish to enter into a development agreement (the "Agreement") as described in detail below.

RECITALS

Whereas, pursuant to RCW 36.70B.170, a development agreement may set forth the development standards and other provisions that will apply to, govern and vest the development, use and mitigation of the development of real property for the duration specified in the agreement, which statute provides:

(1) A local government may enter into a Development Agreement with a person having ownership or control of real property within its jurisdiction. A city may enter into a development agreement for real property outside its boundaries as part of a proposed annexation or a service agreement. A development agreement must set forth the development standards and other provisions that will apply to and govern and vest the development, use, and mitigation of the development of the real property for the duration specified in the agreement. A development agreement will be consistent with applicable development regulations adopted by a local government planning under chapter 36.70A RCW;

Whereas, the legislative findings supporting the enactment of this section provide:

The legislature finds that the lack of certainty of the approval of development projects can result in a waste of public and private resources, escalate housing costs for consumers and discourage the commitment to comprehensive planning which would make maximum efficient use of resources at the least economic cost to the public. Assurance to a development project applicant that upon government approval the project may proceed in accordance with existing policies and regulations, and subject to conditions of approval, all as set forth in a development agreement, will strengthen the public planning process, encourage private, participation and comprehensive planning, and reduce the economic cost of development. Further, the lack of public facilities and services is a serious impediment to development of new housing and commercial uses. Project applicants and local governments may include provisions and agreements whereby applicants are reimbursed over time for financing public facilities. It is the intent of the legislature by RCW 36.70B.170 through 36.70B.210 to allow local governments and owners and developers of real property to enter into development agreements;

WHEREAS, Grantor plans to submit the necessary land use and building permit applications in order to build approximately 72 residential dwelling units (the “Project”) on the Property, a preliminary draft proposed site plan for which is attached as **EXHIBIT B**;

WHEREAS, pursuant to Chapter 20.250 Vancouver Municipal Code (VMC), City wishes to facilitate the Project pending applicable land use and building permit approvals;

WHEREAS, the Parties have agreed to a number of items in order to facilitate the Project;

WHEREAS, City agrees to support a zone change on the Property from R-18 to R-30;

WHEREAS, the City and Grantor agree to establish the green building standards for the Project;

WHEREAS, Grantor agrees to include affordable housing in the Project.

AGREEMENT

NOW, THEREFORE, the Parties agree as follows:

Section 1. Development Agreement. This Agreement is a development agreement to be implemented under the authority of and in accordance with RCW 36.70B.170 – 210 and Chapter 20.250 VMC. It will become a contract between the Parties pursuant to the Effective Date clause below.

Section 2. Term of Agreement. This Agreement will commence on the Effective Date and will remain in effect twenty (20) years, unless extended, amended or terminated by mutual written consent of the Parties.

If the VMC 20.420.04.C.4.a.ii affordable housing density bonus in the R-30 district is utilized at the time of development review, all housing units would need to be affordable at 80% of area median income for 50 years. Prior to the issuance of the first building permit, Grantor shall execute and record against the property an affordable housing covenant to the City that has been approved by the City. This covenant shall ensure affordability throughout the affordability period, provide for annual monitoring by the City (with an annual monitoring fee paid to the City), and provide adequate legal and equitable remedies to the City in the event of non-compliance and/or breach of the covenant.

Section 4. Future Site Development. Grantor agrees that future site plan development shall generally conform with conceptual site plan, Exhibit B herein.
